Q.O.T.E.

We at QOTE are here to assist you in every step, whether it is to discuss a idea, work through a design, or simply place an order. Every service is tailor made for each individual client because every business is different.

- ✓ First: What does the client want? Our first priority is to assess the need and nature of the client requirement.
- ✓ Second: What can we provide that matches the client requirement? We present our best available and alternate ways to satisfy our client.

Our Statement

Mission

Appealing to the industry and the times with the attitude of constant challenges and pursuing new values.

Goals

Our aim is to offer high level professional interactions emphasizing in quality of materials, prompt delivery, technical excellence and professional commitment.

Vision

Our vision is to reach out beyond the local, traditional market and supply chain and provide our materials with utmost precedence.

Values

We strive to provide our clients with the best materials which suit there needs and requirements solutions which will ensure their satisfaction.

Chain

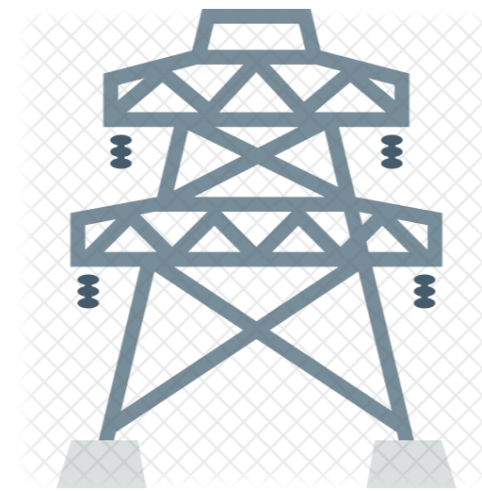

Understanding the market & the supply chain is a difficult task. We are here to relieve you of this task by providing the best material according to your standards. QOTE is primarily a supply center, but enhanced by our experience, we aim to provide the best prices and materials for the end user, which is you.

Our Products

In 2000 we emerged in the kingdom's electrical market as importers of electrical materials. Over the years we have gained the expertise of the field, technical knowledge by personal involvement & commitment of our staff. All this has enabled us to satisfy our customer with the best prices, material and service.

OVER HEAD POLE HARDWARE

All kinds of over head pole hardware, accessories and fittings.

CABLE MANAGEMENT

All kinds of cable management accessories and fittings.

OIL AND GAS

All kinds of explosion proof boxes, accessories and fittings

ELECTRICAL

All kinds of electrical and industrial electrical equipment, fittings and accessories.

Get in Touch With Us

A telegraph wire, or a strand of cobweb, it is all the same. Likewise a fish is technically fast when it bears a waif.
